Current report no. 60/2018

Date prepared: 2018-11-14

Abbreviated name of the issuer: MABION S.A.

Subject:

Receiving a building permit for "The Scientific and Technological Center of Advanced Medical Biotechnology Mabion S.A" in Konstancin Łódzki.

Legal basis

Art. 17 item 1 of MAR - confidential information

Content of the report

The Management Board of Mabion S.A. _"the Issuer", "the Company"_ informs that on November 14, 2018 received the decision of the foreman of Pabianice to approve the construction project and grant permission for the construction of the building as part of the investment called "The Scientific and Technological Center of Advanced Medical Biotechnology Mabion S.A." together with the necessary infrastructure in Konstancin Łódzki.

Obtaining the building permit allows "the Company" to start work on the extension of the Issuer's existing plant The Scientific and Industrial Complex of Medical Biotechnology, which will result in a significant increase in the Company's production and R&D capacity. The Scientific and Technological Center will be used to develop and prepare for the commercialization of the latest generation of biotechnology drugs, antibodies monoclonal antibodies.

The Company's investment plans may be extended in the future in relation to the investment that has currently acquired the permit. The Issuer will inform on a possible subsequent permit in a separate current report.
